Option 1 is a green or navy background. Then you can add below your choice of overlays on up to 5 images (you will get all the images on the plain background)

OR option 2 is green AND navy - but still just 5 images with edited overlays.

BRAVE PARENTS

This year I am again asking my families to support a charity close to my heart, a very small local charity and the amount you donate this year is up to you. I have reduced the package price for 1 and 2 to reflect the donation I did last year - which was £25 per shoot

The charity is called Brave Parents and it creates care packages and days for families who have medically challenged children. I have received one of their amazing care packages and been on one of the special days (wreath making). The Charity was set up by a friend of mine whose child like Jack has Cystic fibrosis but combined with other conditions. The toll of being a parent carer can often be hard and these little rays of sunshine in the forms of packages delivered to parents at home or in hospital are amazing.

The great part is you can choose how much you would like to donate this year as they have an amazon wishlist - so you can simply click on the link below and donate something
